

The 9to5 Trendsetter Award for Outstanding Workplace Policy Nomination Form

9to5's Trendsetter Award for Outstanding Workplace Policy applauds the specific policy of a for-profit business that falls within one or more of 9to5's three issue areas: work flexibility, family-supporting jobs, and equal opportunity in the workplace. The award recognizes the efforts of businesses to offer quality jobs and a family-friendly, fair and diverse workplace. Chapters/sites can award up to a total of three businesses aligned with our three issue areas.

Nominees can be a local, regional, or a national company with a local presence, although preference is for local or regional businesses that often get overlooked for this type of recognition. Additionally, 9to5 would like the ability to interview an employee who has benefited from the policy that is being recognized.

Deadline: Wednesday, July 24, 5pm EST
